## Overview

Check what to put in your bins if you're not sure of how to get rid of an item.

You cannot get rid of every item in your bins. You'll need to:

- [book a bulky waste collection](#) for large items like freezers or mattresses
- [request a clinical waste collection](#) for clinical waste like syringes or needles
- [book a hazardous waste collection](#) for hazardous waste like bleach, weed killer or household cleaning products
